

Entrepreneurship Awareness Program at SCETW

The Department of Business Management, Stanley College of Engineering & Technology for Women (SCETW) successfully organized an Entrepreneurship Awareness Program on March 10, inspiring students to explore the world of innovation, startups, and leadership. 🚀

The session was delivered by Dr. Gaddam Sudharshan, Founder & CEO of Shasrith Infotech Pvt. Ltd., and State Head (Andhra Pradesh & Telangana) at German University of Digital Science.

Dr. Sudharshan shared valuable insights on entrepreneurship, startup ecosystems, and the importance of digital innovation in today's competitive world. His inspiring talk encouraged students to think creatively, develop entrepreneurial skills, and transform their ideas into impactful ventures.

The program provided students with a platform to understand real-world business challenges and opportunities, motivating them to become future entrepreneurs and leaders. ☀️
